Order-No. SIGN-01-000311, Ø 200mm
PVC vinyl + laminate, digital print, self-adhesive

Order-No. SIGN-01-000312, Ø 200mm
PVC vinyl + laminate, digital print, self-adhesive

Order-No. SIGN-01-000313, Ø 200mm
white vinyl, self-adhesive

Order-No. SIGN-01-000314, Ø 200mm
white vinyl, self-adhesive

Order-No. SIGN-01-000315, Ø 200mm
white vinyl, self-adhesive

Order-No. SIGN-01-000316, Ø 200mm
white vinyl, self-adhesive

Order-No. SIGN-01-000317, Ø 200mm
white vinyl, self-adhesive

Order-No. SIGN-01-000318, Ø 80mm
PVC vinyl + laminate, digital print, self-adhesive

Order-No. SIGN-01-000319, Ø 100mm
white vinyl, self-adhesive

Order-No. SIGN-01-000320, Ø 100mm
white vinyl, self-adhesive

Order-No. SIGN-01-000321, Ø 300mm
white vinyl, self-adhesive

Order-No. SIGN-01-000322, Ø 300mm
white vinyl, self-adhesive

Order-No. SIGN-01-000323, Ø 300mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000323_CT, Ø 300mm
for use on **CARPETS ONLY**
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000324, Ø 300mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000324_CT, Ø 300mm
for use on **CARPETS ONLY**
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000325, Ø 300mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000325_CT, Ø 300mm
for use on **CARPETS ONLY**
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000326, Ø 300mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000326_CT, Ø 300mm
for use on **CARPETS ONLY**
laminated flooring foil, self-adhesive

Front Side

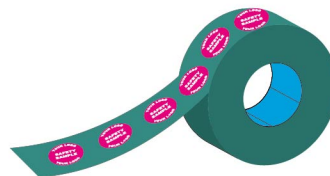

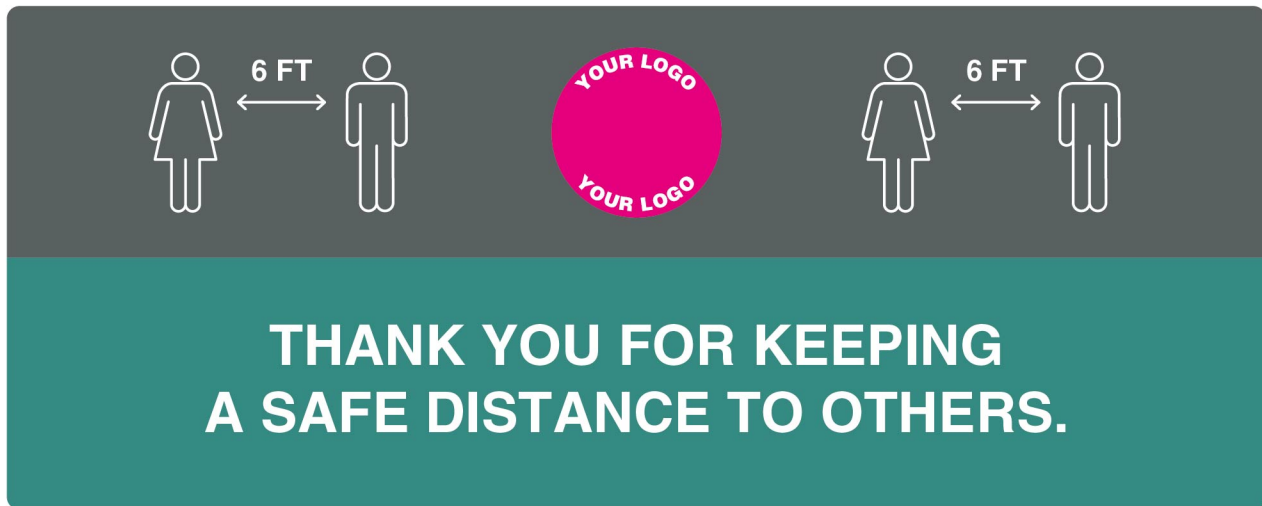

Back Side

Order-No. SIGN-01-000328, 150x150mm
0,5mm pentaprint with antibacterial laminate

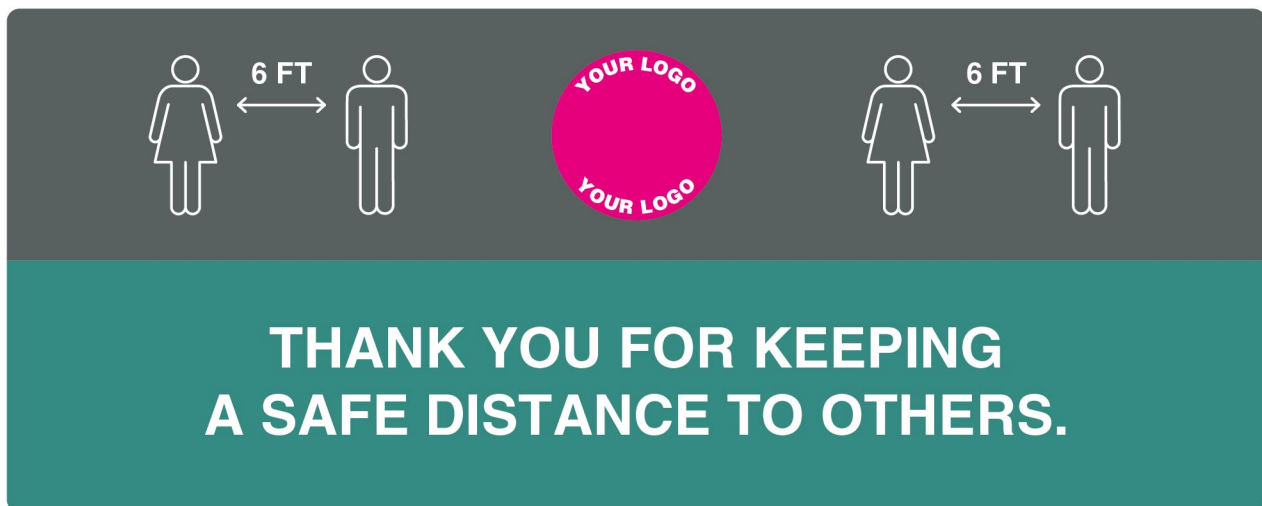

Order-No. SIGN-01-000330, 12000 x 50mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

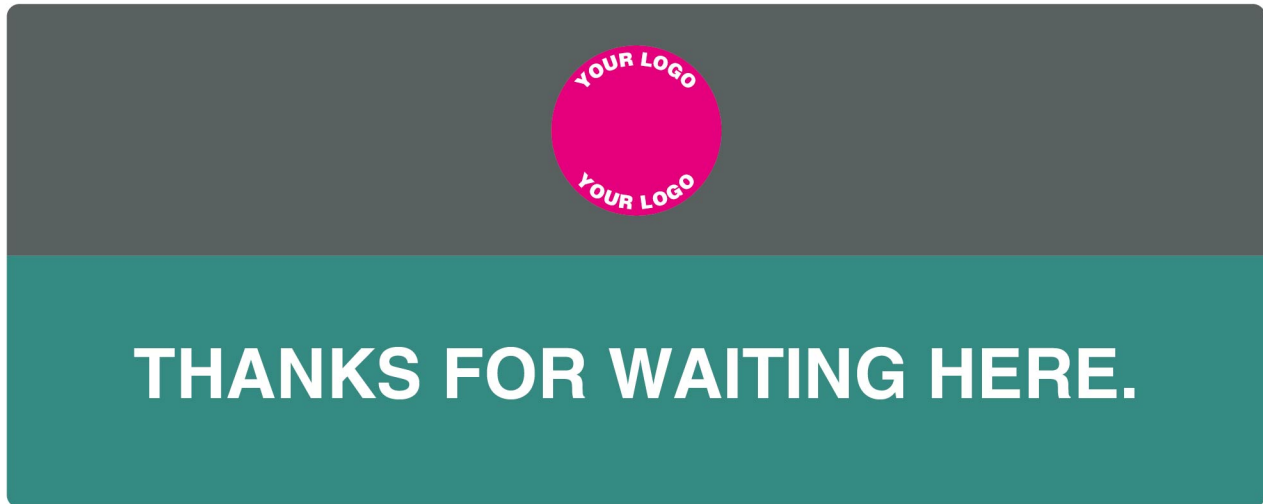

Order-No. SIGN-01-000334, 500 x 200 mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

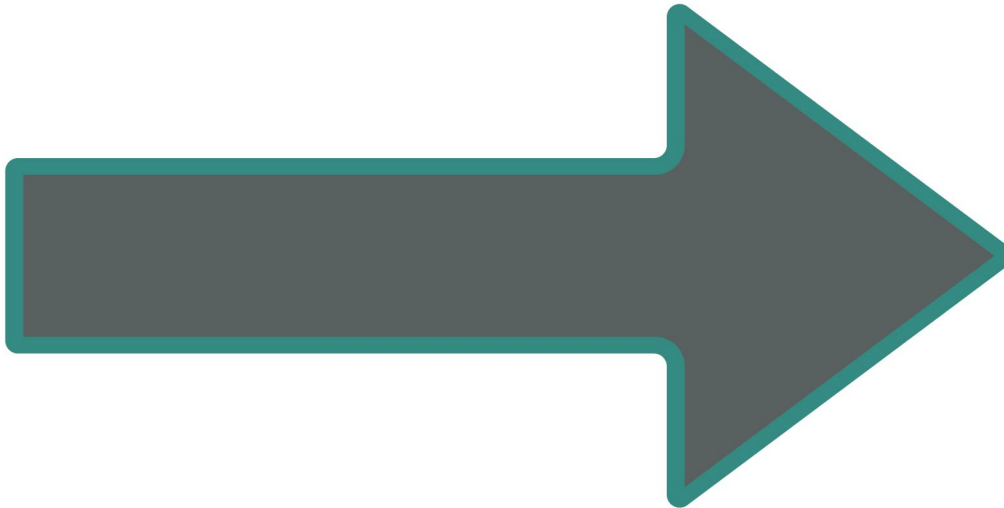

Order-No. SIGN-01-000334_CT, 500 x 200 mm
for use on **CARPETS ONLY**
laminated flooring foil, self-adhesive

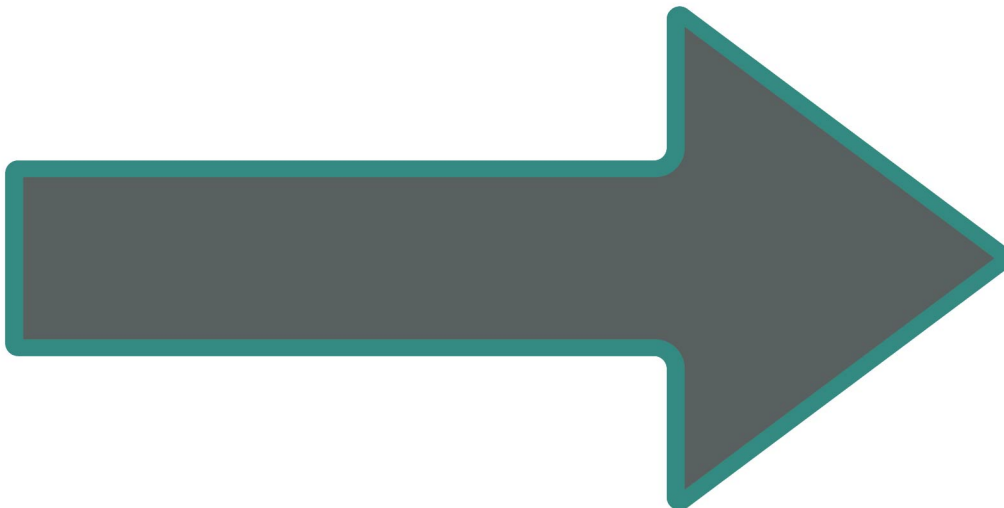

Order-No. SIGN-01-000336, 500 x 200 mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

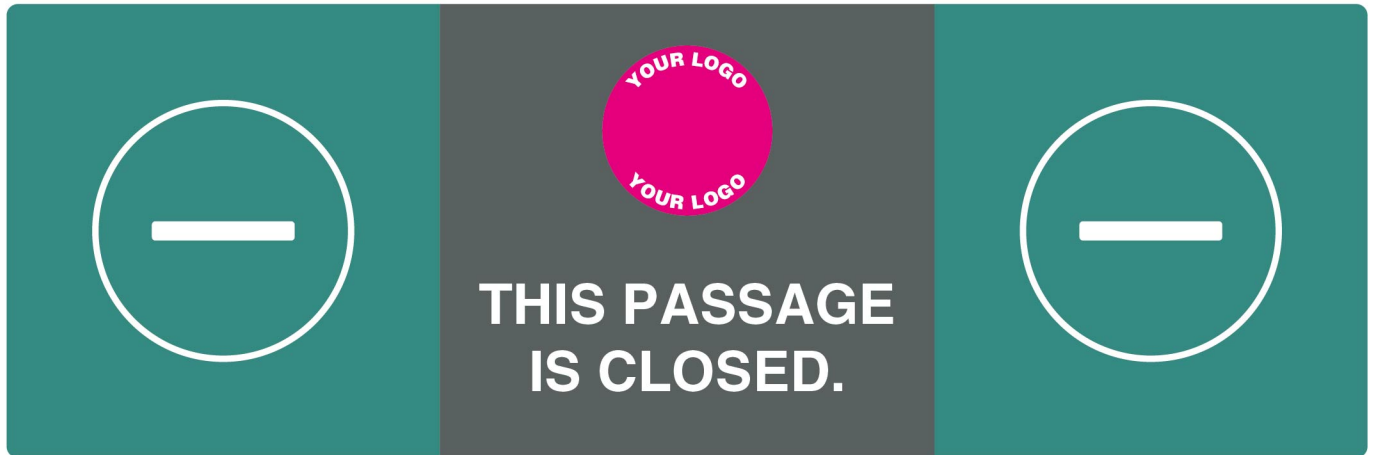

Order-No. SIGN-01-000336_CT, 500 x 200 mm
for use on **CARPETS ONLY**
laminated flooring foil, self-adhesive

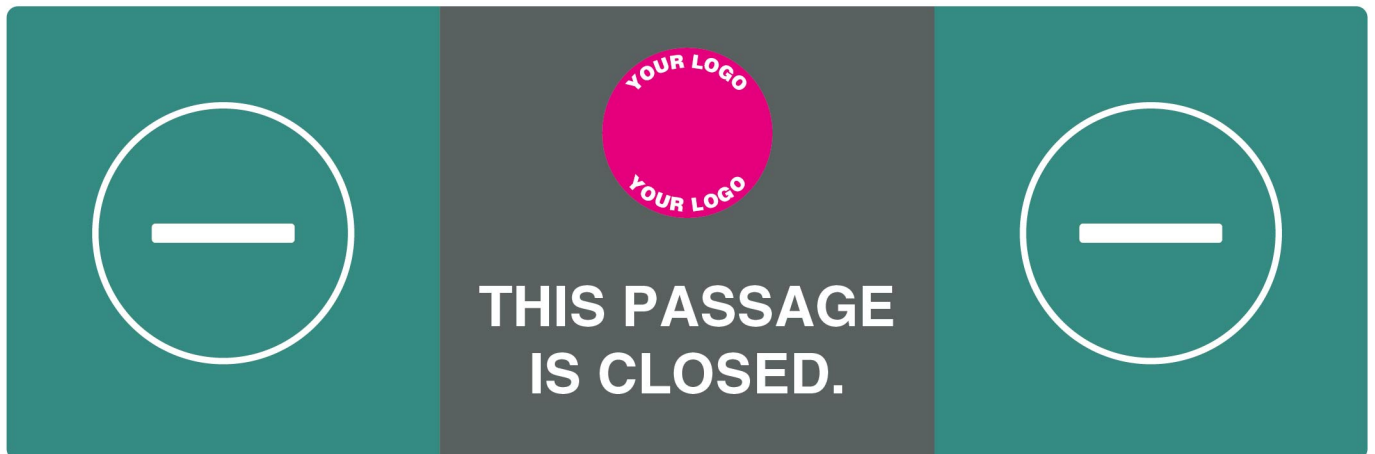

Order-No. SIGN-01-000337, 400 x 200 mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

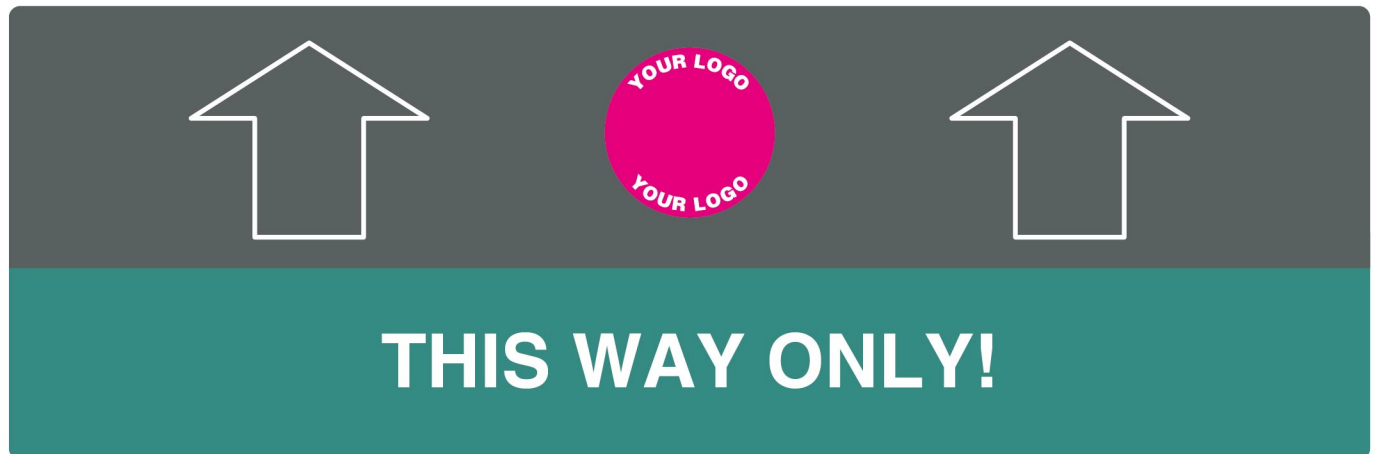

Order-No. SIGN-01-000337_CT, 400 x 200 mm
for use on **CARPETS ONLY**
laminated flooring foil, self-adhesive

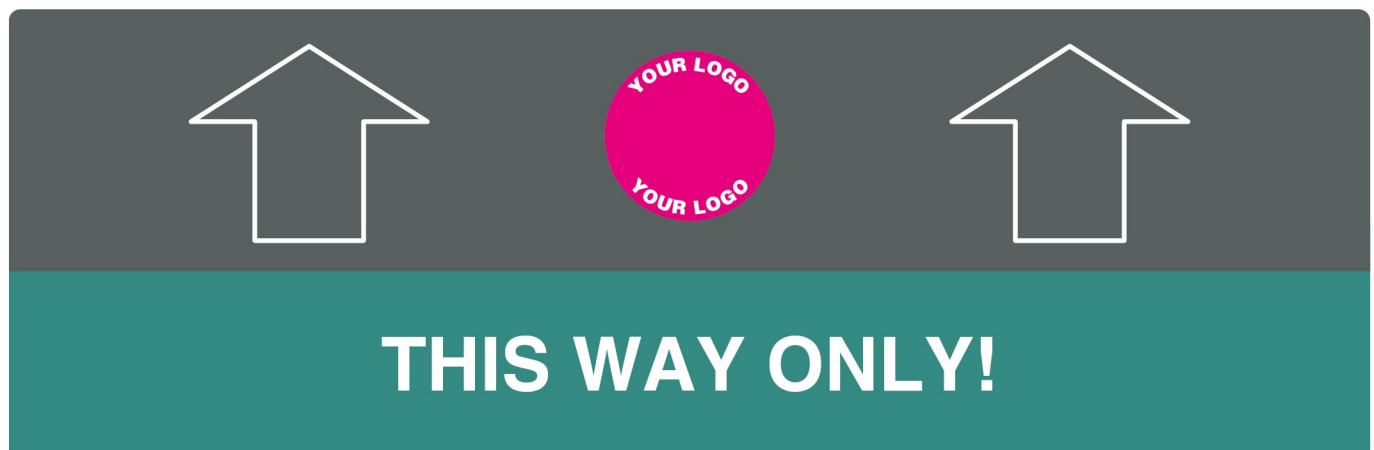

Order-No. SIGN-01-000338, 600 x 200 mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

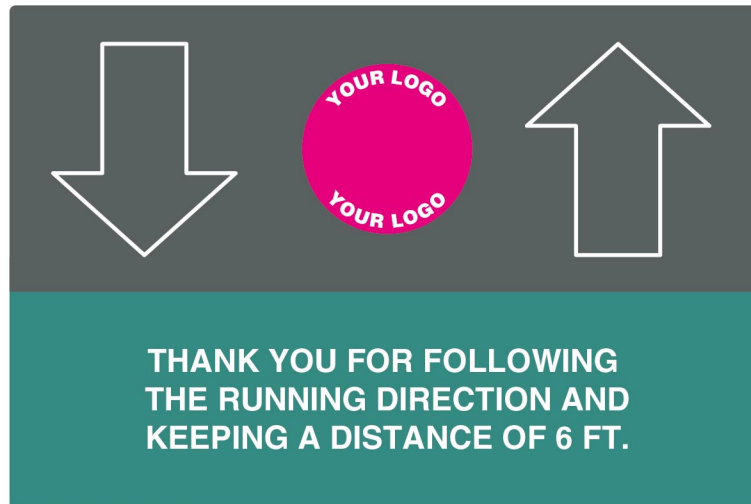

Order-No. SIGN-01-000338_CT, 600 x 200 mm
for use on **CARPETS ONLY**
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000339, 600 x 200 mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000339_CT, 600 x 200 mm
for use on **CARPETS ONLY**
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000340, 600 x 400 mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Front Side

Order-No. SIGN-01-000342, Ø 150mm
0,5mm pentaprint with antibacterial laminate

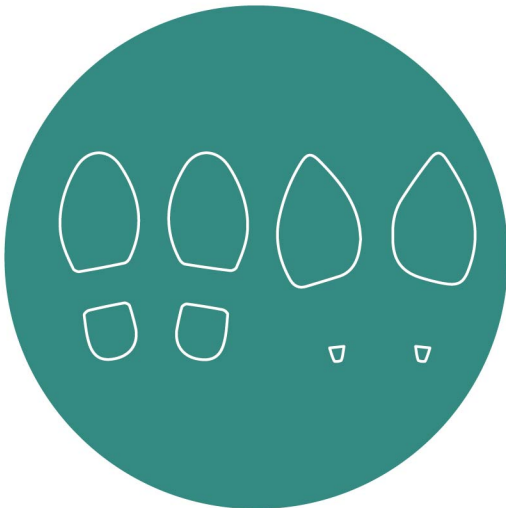

Back Side

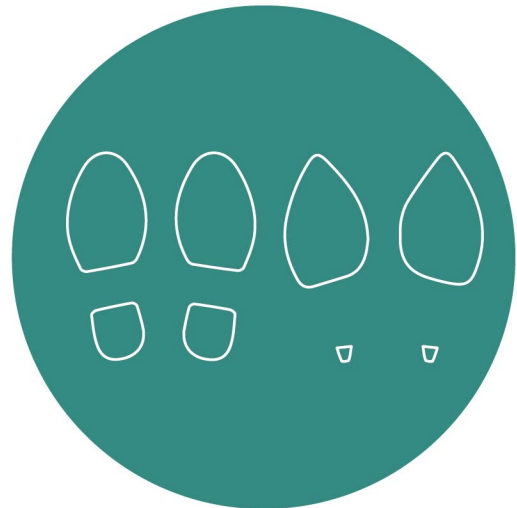

Order-No. SIGN-01-000344, Ø 200mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000345, Ø 200mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000346, Ø 300mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000346_CT, Ø 300mm
for use on **CARPETS ONLY**
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000348, Ø 250mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000349, Ø 250mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000350, Ø 250mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000351, Ø 250mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000357, Ø 250mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000358, Ø 250mm
for use on **SMOOTH FLOORS ONLY** (tiles, bolidt, etc.)
laminated flooring foil, self-adhesive

Order-No. SIGN-01-000359, Ø 160 x 160mm
Clear vinyl, laminated, self-adhesive

Order-No. SIGN-10-000005,
Squeegee for foil mounting, gold

Order-No. SIGN-10-000006,
RollePro - Application roller soft

Order-No. SIGN-10-000007, 105 x 50mm
Alcantara stripes for squeegees (set of 5 pieces)

Order-No. SIGN-10-000008,
ImagePerfect™ Surface Cleaner, 1 Liter

ImagePerfect™ 2555 StreetApp

Installation guideline

How to prepare surfaces

For a reliable application it is important that the surface is dry and completely free of dirt and dust before the product will be applied.

We recommend vacuuming the ground **1** and dry potential moisture. Please check the cleanliness and dryness before beginning the installation.

Application

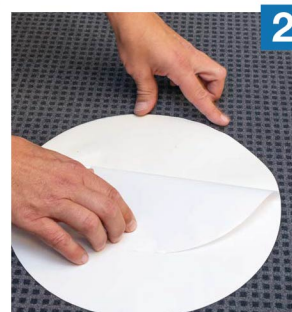

Remove a small section of the release paper from the foil **2**, to position the foil edge on the floor **3**. Remove now the release paper step by step in small sections **4** and continue the foil to bond – **DO NOT remove the entire release paper before beginning the bonding!**

Repeatedly roll the foil **5** with the hand roller **6**, to help the adhesive stick also to structured surfaces. For a solid grip of the adhesive roll slowly and forcefully.

Please note:

The adhesive of the IP StreetApp foil must be activated with pressure to ensure a sufficient bond with the surface.

Make sure that the complete foil will be rolled off with sufficient pressure in all directions. All edges should always forcefully be rolled off several times **7** to prevent the foil from peeling off.

Installation guideline

How to prepare surfaces

For a reliable application it is important that the surface is dry and completely free of dirt and dust before the product will be applied.

We recommend to clean the floor with IP Surface Cleaner Pro **1**. Spray the subsurface well and wipe off with a lint-free cloth **2**.

Application

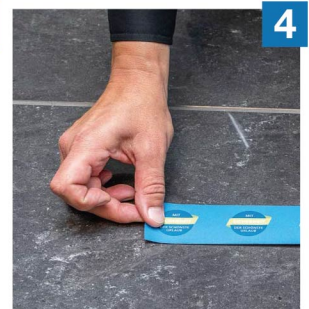

Remove the release paper from the foil completely **3**. Position the foil at any side on the floor **4**. Press the foil tight and evenly from the positioned side with the squeegee **5** – **Apply the foil carefully with the squeegee edge to any joint in the subsurface to ensure solid grip** **6**.

For a solid grip of the adhesive, roll slowly and press down evenly and forcefully.

Please note:

The adhesive of the IP floor foil must be activated with pressure to ensure a sufficient bond with the surface. Make sure sufficient pressure is applied in all directions on the entire foil.

All edges should be pressed on with the squeegee forcefully several times **7**, to prevent a peeling off at these sections.

Foil sticker for Wall and glass surfaces

Installation guideline

How to prepare surfaces

For a reliable application it is important that the surface is dry and completely free of dirt and dust before the product will be applied.

We recommend to clean the ground with IP Surface Cleaner Pro **1**. Spray the subsurface well and wipe off by a fuzz-free wipe **2**.

Application

Remove a small section of the release paper from the foil **3**, to position the foil edge on the wall **4**. Always tightly press the foil outwards from the edge and the middle **5**.

Remove now the release paper step by step in small sections and continue the foil bonding **6**.

Please use a squeegee with felt **7** to avoid damages of the foil during the application. Finally press again tightly all foil edges onto the subsurface **8**.

Please note:

The full power of the **adhesive will reach not until 2-3 hours after the application**. Do not clean the subsurface during this time. If nevertheless bubbles appear on surface, puncture them with a needle and press the air out with your finger.

Please avoid an application on joints and gaps.
